HIGHLIGHTS

REACH

90% of U.S. residents age 16 or older noticed some form of out-of-home advertising in the past month, 80% notice ads in the past week.

QUALITY TIME

Roadside billboards are the most noticed ads, and that stands to reason since travelers average 25+ hours on the road each week and cover over 159 miles. The heaviest travelers, Mega-Milers average 465 miles per week.

INTERACTION

66% of smartphone users took some type of action after seeing a OOH advertisement in the past year, and over 4 in 10 used online search to look up information.

AUDIENCE

Out of Home ad viewers are more likely to be both younger and have higher incomes than the general population.

ENGAGEMENT

83% of billboard viewers make a point to look at the advertising message at least some of the time; 4 in 10 look at the billboard ad each time or almost each time they noticed one.

VARIETY

People encounter OOH ads in a wide range of places. 81% of travelers have noticed a roadside bulletin, digital bulletin or poster, and 78% noticed a transit advertising in the past month.

YOUNG PEOPLE

Travelers age 16 to 24 and 18 to 34 are more likely to recall seeing various types of out-of-home media in the past month.

IN-STORE

39% noticed a directional OOH ad, 20% of OOH viewers visited immediately after seeing the ad, and 74% of those visitors made a purchase.
